

WELLNERGY

Environmental Policy

Wellnergy places a huge emphasis on sustainability!

We believe that we all have a duty to look after our planet and thus in our attempt to bring you a fun-filled, jam-packed, educational festival – we also strive to be as eco-friendly as possible. In fact we're very lucky to be able to call Cornbury Park our home for the weekend, however utilising this outstanding venue comes with its responsibilities.

In our efforts to preserve the park's natural beauty and protect all of the wildlife inhabiting there, we have put together a short but sweet environmental policy.

Sustainability

Recycling

We use recycling bins, separating cardboard, plastic, food waste and even nappies for the kiddy area's. Designed and stylised by Artists, it's the new #Greenfashionaccessory, be sure to snap a selfie with them!

Charity Shop

We're collaborating with charities to distribute warm and decent clothing to people in need. You will find a stand where you can leave your belongings if you would like to donate.

Activities

Try our eco bike-riding and fitness machines and power electricity around the festival! Burn some calories, power the festival and save the planet – all at the same time!

Toilets

Fashionable, comfortable, odorless and chemical free with the compostable toilets the time has arrived to do more with less. Turn your poop into gold by creating organic fertiliser to feed the flowers, the trees and edible gardens.

Plastic & Waste

Bottles

As it's important to stay hydrated, you will find many drinking water taps at the venue. It's highly recommended to bring your own reusable water bottle and fill up for free during the festival.

Cups

Our cup deposit scheme means reusable cups will be served with your drinks. A £1 deposit can be then be collected on the return of each cup.

Straws

As we are part of the #TheLastStraw – a campaign to stop the unnecessary use of single-use plastic straws, our straws are plastic free, trendy and 100% biodegradable.

Decor

Our vision of sustainability is simple ; "Nothing is lost, nothing is created, everything is transformed". Decor as decorations, balloons, signpost, confetti, glitter, all made by renewable and biodegradable materials only (wood, cans, iron, glass, old clothes).

Transport

You can access Cornbury park via Coach, Train or Car (if you're planning on driving to us, we recommend car-sharing with as many people as possible in an effort to reduce harmful travel omissions and their impact on the environment).

Free Travel

Walk, bike or take a scooter to the park and travel for free whilst getting some exercise along the way.

National Express

Take a national express and get dropped off straight in to the festival.

Car Share

Share your journey with passengers: Gocarshare | www.freewheelers.co.uk.

Shuttle Bus

Charlbury is the closest station, around 15 minutes away from the Festival. Shuttle buses are running frequently and will bring you directly into the Festival for only £5.

RFID Tickets

Get your very own festival wristband along with your ticket which has its own QR code that you can top up to spend money (Wellnergy coins!) on food, booze and merchandise throughout the whole festival!

This removes the need for carrying cash throughout the day, a safer and more convenient alternative! It also removes the need for you to print and bring along your ticket to the event! Easy-Peasy!

Biofuels

Energy Revolution

Wellnergy has partnered with Sustainably Run in order to ensure that all the carbon footprint created by the festival is balanced out through tree planting. If you are driving to the festival, please join us in offsetting your carbon footprint from your journey by clicking [here](#).

Efficient Equipment

By using biofuel at the festival, we are significantly reducing CO₂, NO_x & PM emissions. As an added bonus, it's odorless, non-toxic & water-soluble.

Food

Packaging

The packaging used for your food and items is 100% recyclable. Cool and sustainable packaging.

Environmental Impact

Our vegetarian and vegan options take centre stage at the festival, giving customers the choice to improve the climate and environmental impact through what they eat.

The Environment

Home to some of the UK's most unique and diverse events, we're proud to announce that our wellness theme-park will take place at the beautiful Cornbury Park, in Oxfordshire.

Respect the venue and enjoy the nature around you

Dispose of all waste in the bins provided

Use a portable ashtray

Stay inside the festival. Outside of the festival area is private property

Conclusion

The Wellnergy Team strives to do all they can to ensure the environmental impact of the event is as little as possible. We will ensure that all waste and abandoned items will be collected and recycled accordingly.

By joining the movement you support our vision to reduce the Environmental Foot Print we have.

Water

Water Usage

Around 10,000 Festival-goers are planning to join the Wellnergy festival next summer which requires a lot of water. However, small actions can reduce the unnecessary use of drinking water. Here are some useful tips:

Be careful when you use the tap water and close the tap as soon as you're done.

Clean your hands with the hydro-alcoholic gels provided around the festival.
